

TNR Cat Traps

These traps are specifically designed for Trap-Neuter-Return (TNR). We worked closely with “Neighborhood Cats” and “Fix Nation” cat organizations to help us tailor the design to meet very specific TNR needs.

Features include:

- Extra large trip pan to prevent cats from stepping over it to steal the bait and not get caught.
- Extra large hand guard for added protection from scratches, also convenient for labels.
- Easy release door to allow cats to be tended to when they are confined to the trap after surgery.
- New and improved release door locking device designed at top for easy access.
- Extra large, double trap handles makes lifting a breeze, as two hands can be used to lift and stabilize the trap.

Model	L - W - H	Description	Construction	Wt	1 to 5	6+

TNR Transfer Cage

TNR Transfer Cages are also designed with the TNR specialist in mind. They feature the same easy release door latch located at the top of the cage, extra large hand guard, and extra large double handles. They are sized to match up perfectly to our TNR traps to allow for easy transfer from trap to cage. Simply line them up and remove the easy release doors.

Model	L - W - H	Description	Construction	Wt	1 to 5	6+
306NC	20 x 11 x 12	Transfer Cage can be used for all TNR Cat Traps.	1 x 1 - 14 gauge	8 lbs	\$57.00	\$54.00

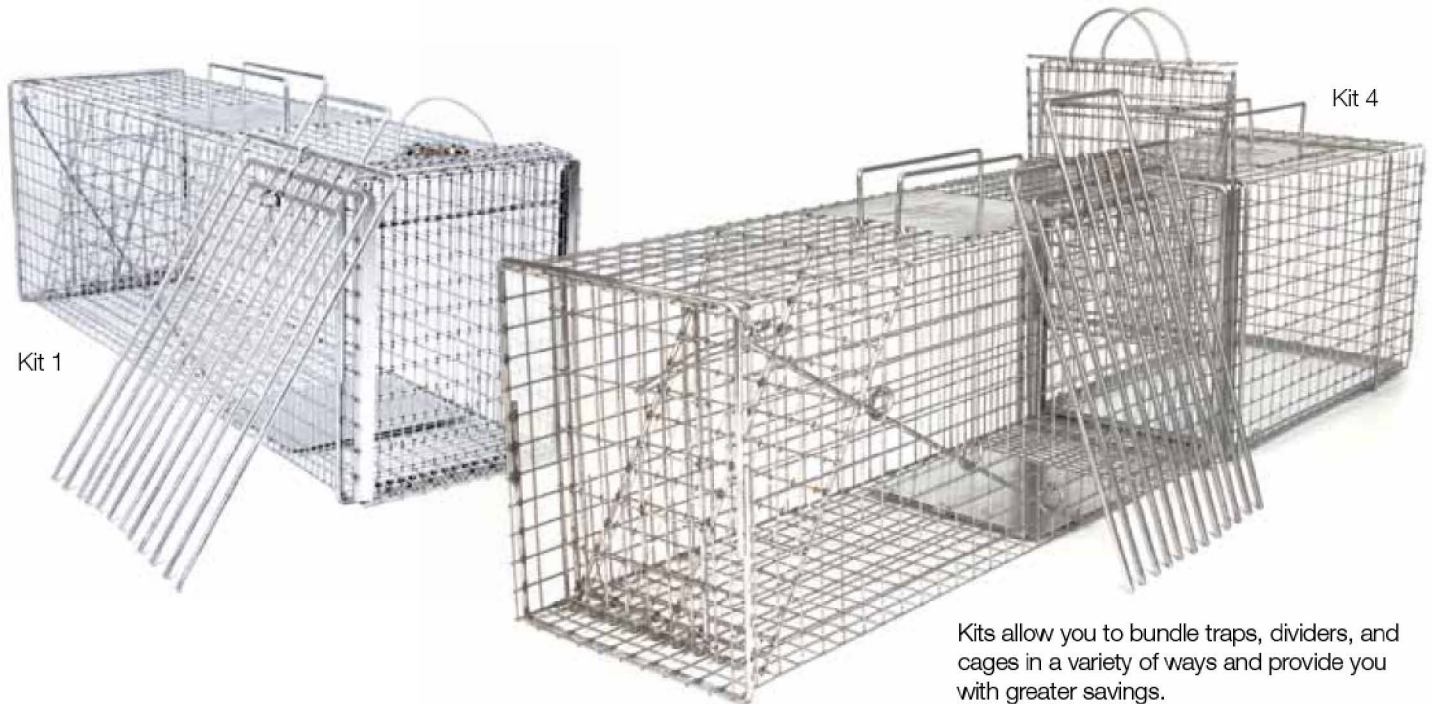

TNR Trap Divider - 1/4" Rod

TNR Trap Dividers allow you to confine animals within a trap by simply sliding it down from the top or through the side of the trap. They make great TNR tools when animals are left to recover in the trap for an extended period of time. Use the divider to isolate the animal, then open the door and replace food and water. Close the door and remove the divider.

Our TNR divider is made from heavy duty 1/4" steel rods for extra strength and durability. They come with an "easy clip" latch which can be attached to the side or top of the trap to prevent it from slipping out.

Model	Size	Description	Construction	Wt	1 to 5	6+
TD12NC	18 x 11.5	12" Heavy Duty Divider with Trap Attachment Clip	1/4" Steel Rod	3 lbs	\$20.00	\$18.00

Kits allow you to bundle traps, dividers, and cages in a variety of ways and provide you with greater savings.
